## Program in Iceland: Nature and Energy

- Day 1: Arrival / Blue Lagoon / Dinner at Apotek Restaurant
- Day 2: Super jeeps / Geysir/ Snowmobile / Cave / Dinner af Fishcompany
- Day 3: Check out / Departure

## Accommodation: *Hotel Reykjavik Marina 4\**

**Icelandair Hotel Reykjavik Marina** is a new and stylish hotel in the heart of Reykjavik with a unique character and never a dull moment. Sleep and wake in fun, colourful surroundings with friendly staff to serve and assist you. Original, colourful and modern designs characterize the hotel, combined with old relics from the harbour and shipyard. Rooms are uniquely decorated with original styles that catch your eye, capture your heart, and could never be mistaken for anywhere else you've ever stayed.

**Canopy by Hilton Reykjavik City Centre** is set in the urban heart of Iceland's capital city. Explore the neighborhood at your own speed on a Canopy bike, and enjoy Icelandic meals, brews, art and music right here in the hotel. We'll welcome you with a locally inspired keepsake at check-in. Our Just-Right Room will have comfort covered with a mini-refrigerator, 48-inch TV, and a Canopy-exclusive bed with memory foam for a great nap or night's sleep. There's a place for everything on the 'uncloseted' shelves and racks, and WiFi is included with your stay. Wake up with a Canopy Break Fast Bag delivered to your door – ask for it to-go if you have morning plans. Here a few days? Suites offer plenty of space to stretch out. There's a living room with a 48-inch TV, plus surprising extras.

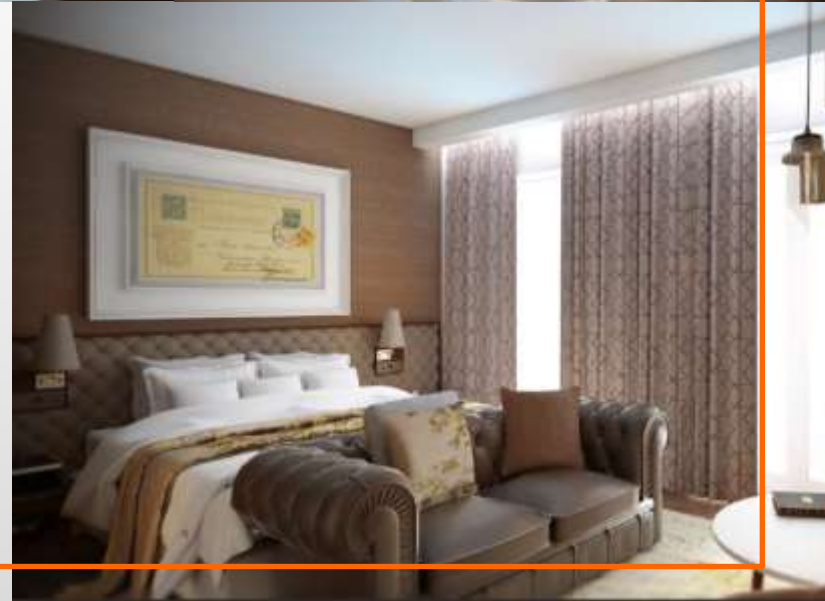

## Accommodation: *Curio Consulate boutique*

### **Curio Reykjavik Consulate hotel**

The Reykjavik Konsulat Hotel, Curio Collection by Hilton, is situated in the oldest part of Reykjavík at the junction of Icelandic history and style. The reconstruction of this charming building, which in the 19th and 20th century housed a grand department store run by Consul Thomsen and his family, was completed in 2018 with modern amenities and a nod to Reykjavík's vibrant culture. It's a pleasure to welcome you to Reykjavik Konsulat Hotel. We give you a glimpse into the history of Reykjavík. And are proud to share with you the great story of Consul Ditlev Thomsen, a true entrepreneur, and travel enthusiast. [Web](#)

## Day 1: Lunch at Blue Lagoon / Lava Restaurant

**LAVA Restaurant** combines modern design with the wild spirit of Icelandic nature. Built into a stunning lava cliff, with views over the lagoon, it is an unforgettable setting for a relaxed lunch.

## Day 1: Blue Lagoon on arrival

### Blue Lagoon

One of 25 Earth's Wonders of the World and most awesome places according to the National Geographic.

### BLUE LAGOON AND A LUNCH

The Blue Lagoon is probably the most visited attraction in Iceland, a geothermal spa surrounded by mysterious black lava fields. The Blue Lagoon has been listed as one of the most impressive wonders of the world by The National Geographic. The Blue Lagoon's warm water and natural active ingredients, mineral salts, silica and blue green algae help you relax and escape the stress and strain of daily life. Bathing in this surreal environment is a unique experience that no one should miss. Drinks can both be served to the lagoon and inside the premise.

## Day 1: Blue Lagoon

## Day 1: Arrival to Reykjavik City and Check into the Hotel

Reykjavík may be one of the smallest capital cities in Europe, but it still packs a powerful cultural punch, where visitors can enjoy a multitude of various events and festivals all year round! With a fascinating history rooted in the great Sagas and its unique location within a land of diverse landscapes – all filled to the brim with beautiful nature, Reykjavík manages to combine a terrific blend of hip and wholesome, but without the stress that usually follows a cosmopolitan metropolis. In fact Icelanders are considered to be so easy-going and gregarious, that they've just added a new travel accolade to their growing collection, this time for being the friendliest nation in the world!

## Day 1: Dinner at Apotek Restaurant

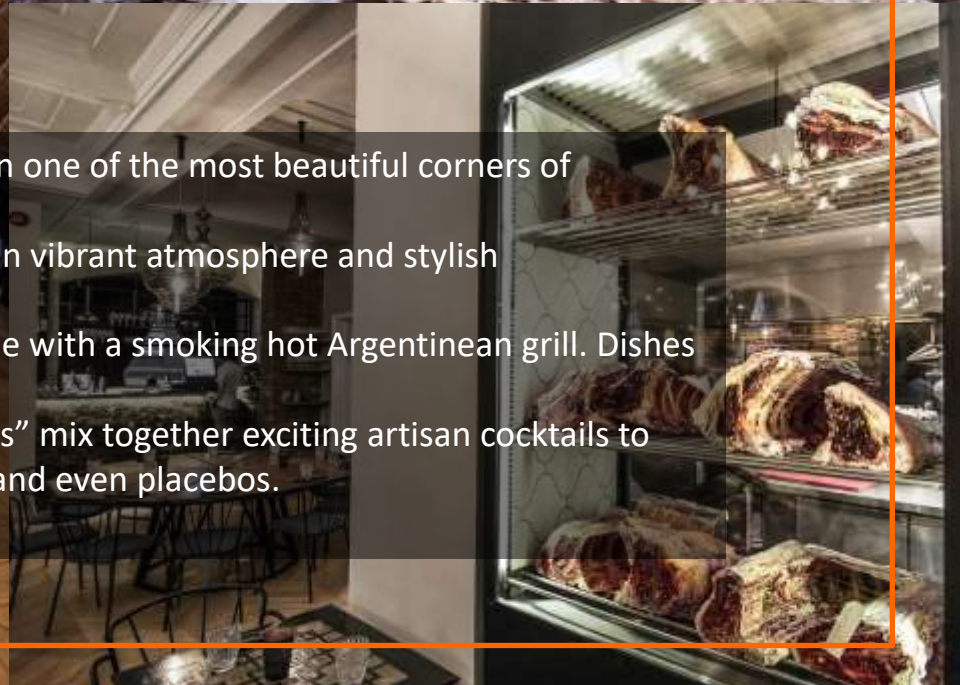

Apotek Kitchen + bar is an exciting restaurant located in one of the most beautiful corners of Reykjavík.

The restaurant is casual-smart, offering delicious food in vibrant atmosphere and stylish surroundings.

The menu is a fun mix of Icelandic and European cuisine with a smoking hot Argentinean grill. Dishes are designed to share and enjoy together.

A lively cocktail bar where award winning “ pharmacists” mix together exciting artisan cocktails to suit every mood; painkillers, stimulants, tranquillisers and even placebos.

## Option: Night out in Reykjavik

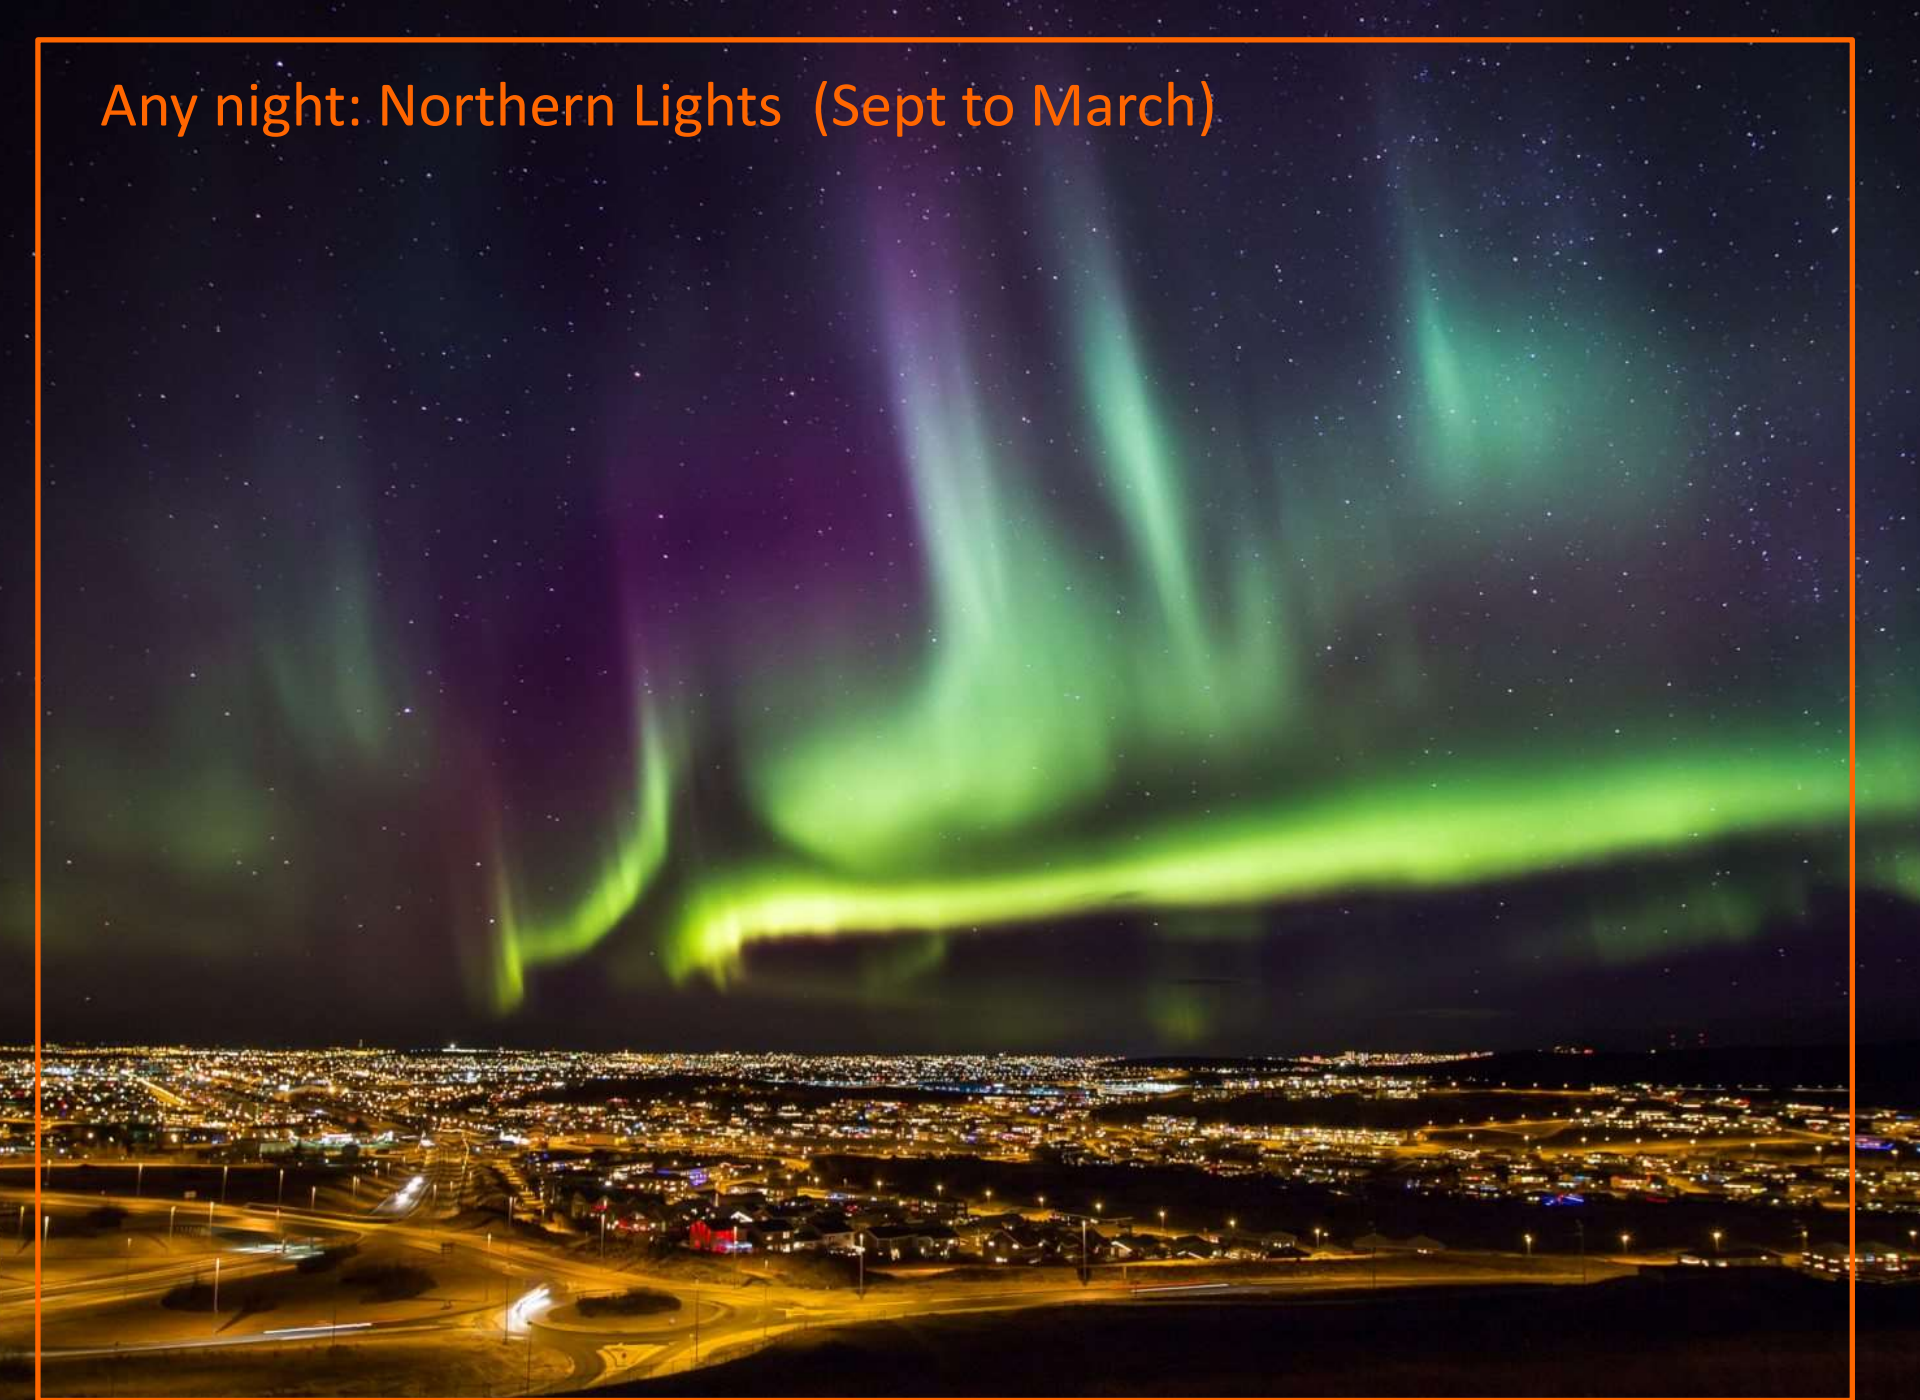

**Reykjavik down town:** B5 VIP or Austur

Austur is located in Austurstraeti, one of the main bar- and shopping streets downtown, and even though the surrounding area is filled with clubs and bars, Austur seems to be the center of attention. When you walk inside you will instantly discover why this club is so popular among locals and travelers. Inside the place looks modern, sleek and shiny, and the people who frequent Austur seem to be fashioned after the interior.

Any night: Northern Lights (Sept to March)

Day 2: Lets have fun in Iceland !

## Day 2: Golden Circle full day

This day we drive:

1. To the countryside to Thingvellir National Park —walk among the geological wonders of the fissure zone and in the footsteps of the early Viking settlers where the Althingi parliament was founded. It's the UNESCO world heritage site and the site of the original Althingi, considered the oldest democratic parliament in the world. This area is noted for its spectacular lava formations and being the only place in the world where you can see the separation of the North American and European tectonic plates.
2. Lunch.
3. To the Geysir, the "geyser" which gave its name to all other erupting hot springs - hear the bubbling of the mud pots, smell the sulfur in the air and watch in awe as the geyser Strokkur blasts boiling water into the air.. The Geysir geothermal area boasts spouting springs, including Strokkur, the most active geyser in Iceland.
4. Activity : Snowmobiling and Glacier Ice Cave
5. You will visit the Golden Waterfall – Gullfoss - feel the mist of glacial water as it cascades down one of Iceland's most famous waterfalls. Gullfoss you are given the opportunity to stand next to the amazing waterfall, watching enormous quantities of water tumble violently into a deep, meandering gorge.
6. Option : Icelandic lager, shark and brennivin on the way.

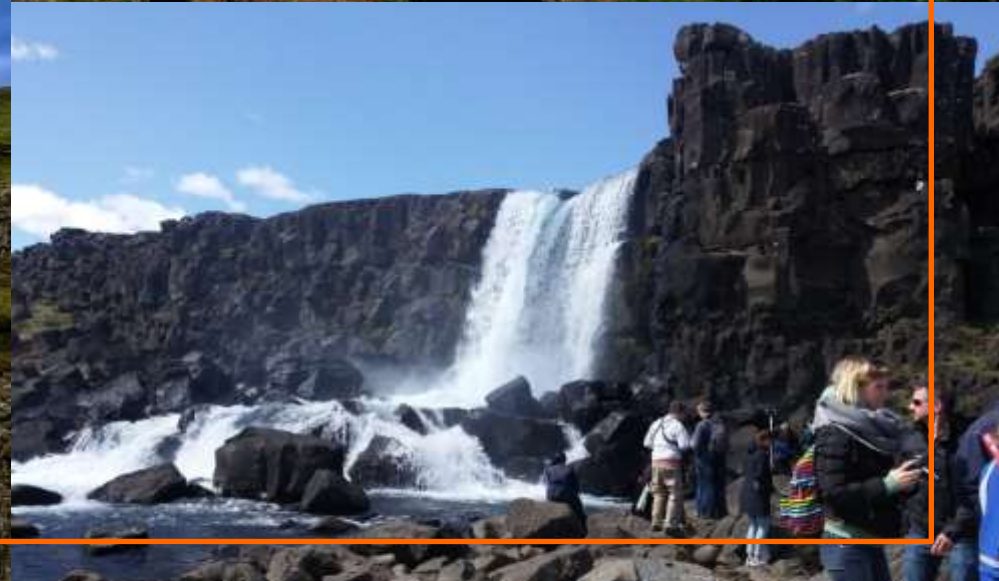

## Day 2: Luxury Super Jeeps offroad

Nowhere but in Iceland will you find vehicles like those we use for our travels today. Crafted for uniquely tough conditions, even a term to describe them had to be invented. “Super Jeep” is the result of decades of insular technical innovation and evolution, from tinkering with old army Jeeps to get further up hill, to our hand-built monsters equally at home crossing Antarctica, the wild Icelandic Highlands – or the highway. Each vehicle is custom built with up to three separate transmissions, two separate steering systems, fully in-cab adjustable four corner air suspension, fully lockable differentials, up to 7.3 liter turbocharged engines, an array of radio equipment, marine-type satellite navigation... Oh, and the biggest available legal road tires in the world. Mercedes Bens Sprinter: *Highly capable super truck with individual seats for your comfort.*

## Day 2: National Park, Gullfoss and Geysir – Golden Circle

## Day 2: Snowmobile on a glacier

Enjoy an private tour to Langjökull glacier (second largest Glacier in Europe) or a snow area in the mountains. Once you are there, you will join an exhilarating one-hour snowmobiling tour across the endless white snowfields, a great way to combine the adrenaline-filled activity of your choice with the awe-inspiring scenery. The glacier adventure will provide stunning photo opportunities in good weather. The snowmobiles will not be a problem – it is just a matter of squeezing the accelerator or the brake. [WEB](#)

## Day 2: Snowmobile on a glacier

## Day 2: During the snowmobile drive - Visit over 400 years old Glacier

A photograph showing a person in a blue snowmobile suit standing in the center of a narrow, icy tunnel. The tunnel is carved into the ice, with rough, textured walls and a smooth, icy floor. The lighting is dim, with a bright light source at the end of the tunnel, creating a strong contrast and highlighting the person. The overall atmosphere is mysterious and adventurous.

Although we know how Glacier looks it's such an amazing experience to go inside this amazing structure. The ice inside the Glacier Ice Cave, where we are heading in this tour is over 400 years old and you can see layers of ash from many different eruptions throughout history.

The trip to the Glacier Ice Cave is also an exhilarating snowmobile tour. When we arrive we will explore every corner and detail of it and the Guides will also inform you about everything you want to know about the Glacier.

## Day 2: OPTION Icelandic lager, Shark and snaps

### Beer tasting in the Nature

Treat your group to a wonderful nature in Iceland!

We will stop for an outdoor “Beer Tasting Pop Up”. We will enjoy a taste of some of Iceland’s best beers, we have quite a lot of them! This is completed with a beautiful decorated table and some Icelandic delicacies; guaranteed to set the right mood for your adventures in Iceland.

## Day 2: Lunch at hotel Geysir Restaurant

### LUNCH AT HOTEL GEYSIR

At Hotel Geysir you can enjoy a delicious buffet of seafood, vegetables and meat course. Furthermore the buffet includes wide selection of fresh salads, three kinds of soups, (cream, vegetable and traditional Icelandic meat soup) homemade bread and a wide selection of delicious desserts. Coffee and tea is included in the buffet. Our buffet is local food of South Iceland and our aim is preserving and upholding local traditions in food productions in the spirit of the International Slow Food association and the spirit of local food.

## Day 2: Superjeeps in highlands of Iceland

## Day 2: Dinner at Fish Company

### Adventure under a bridge

In the early days of the Fish Company, a satisfied patron set his plate to the side and remarked; “Without fail, all the best adventures take place under a bridge.” We immediately secured his permission to use this as our slogan.

Not only is the menu an adventurous journey around the world, a sense of adventure is also reflected in the surroundings and essence of the venue. The Zimsen building dates back to 1884 and originally stood at Hafnarstræti 21, a few hundred meters east of it's current location. It was extended in 1889, but in 2006 it was uprooted and lovingly renovated before being replanted at Grófartorg in 2008.

# Day 3: Departure

## **Departure**

The transfer to Airport.

## PRACTICAL INFORMATION

The Icelandic climate is warmer than the name suggests, thanks to the Gulf Stream. Summers in Iceland are rather cool, while the winters are relatively warm. The average monthly summer temperature ranges from 10 to 13 °C. During the summer the climate is mild but unstable with possible rain and frequent weather changes. The daily temperature can fluctuate from a minimum 5 °C at night to a maximum of 25 °C during the day.

Banks are open from 09:15 to 16:00. As general rule offices are open from 09:00 to 17:00, in some cases during the summer these hours are from 08:00 to 16:00. Shops are open from 09:00 to 18:00 on weekdays. Credit cards are accepted by most shops, restaurants and organizations and are widely used. The major credit cards in Iceland are Visa and Master Card, although other cards are accepted as well in some places. Tax-free shopping/tax refund. A refund of the local Value Added Tax is available to visitors to Iceland. The refund will result in a reduction of up to 15% of the retail price, provided departure from Iceland is within 30 days after the purchase is made. The purchased amount must be no less than ISK 5.000,- (VAT included) per sales receipt, and all goods (except woolens) must be packed in sealed bags or containers.

## Option: Buggy Cars (half day)

Strap into a two-seat Buggy with your partner and prepare to overcome obstacles in the rugged landscape by the slopes the valley, climbing hills, running through river beds, and more. This is an especially designed tour for you who craves bumpy, dusty, dirty driving thrills. No extra charge for dust, mud, water splashes, or even snow!

The Buggies are equipped with 4-point safety harnesses for safety, automatic transmission for driving ease. All you need is a spirit for adventure, and a valid driving license for the driver.

## Option: Sea Fishing/Angling

A group of people are sea fishing from a boat. In the foreground, a man with glasses and a blue jacket is holding a fishing rod. To his right, another man in a red jacket and a grey cap is also fishing. A third man in a red jacket and a grey cap is visible further back. They are all holding fishing rods that extend over the blue water. In the background, there are large, dark mountains with some snow on their peaks under a clear blue sky.

We set off from Reykjavik's Old Harbour and head out to Faxaflói Bay, where our experienced fishermen will usually spot fish in a flash! If you haven't been sea fishing before, don't worry, it is very easy, and the crew will happily show you the ropes, advising you on bait and passing on their knowledge of the seas. On our sea angling trips you have a good chance of catching cod, halibut, haddock, rockfish and pollock. The sea angling tours are perfectly suited both to experienced fishermen and to those who simply wish to relax and enjoy the beautiful surrounding with a fishing rod in hand. Barbecuing the fish caught is indeed available and a popular option for the proud fishermen! Light BBQ on board catch.

## Option : Snorkeling

### **Silfra, the fissure between the continents**

The Silfra fissure, is known as one of the top dive sites in the world for two main reasons. First, the Silfra fissure is actually a crack between the North American and Eurasian continents, meaning that you dive or snorkel right where the continental plates meet and drift apart about 2cm per year.

Silfra is the only place where one can dive or snorkel directly in the crack between two continental plates.

Secondly, the underwater visibility in the Silfra fissure is over 100 meters, which creates an underwater experience that will rarely, if ever, be surpassed. The reasons for this astounding water clarity are twofold: the water is cold ( $2^{\circ}\text{C} - 4^{\circ}\text{C}$  year round ) as it is glacial water from the nearby Langjökull and this water is filtered through porous underground lava for 30-100 years until it reaches the north end of Thingvellir lake, seeping out from underground wells. The Silfra water is as pristine as water can get and you can drink it at anytime during your dive or snorkel.

## Option : Horseback Riding (half day)

### **THE ICELANDIC HORSE IS THE ONLY HORSE IN THE WORLD THAT HAS FIVE GAITS**

Enjoy the here and now in Reykjavik City. We offer excellent facilities in Víðidalur where the largest equestrian centre for the Icelandic horse in the world is situated. The riding center is located by the main running course of the Equestrian Association Fákur where the National Horse Show in Iceland 2012 was held. Around 10.000 guests and riders visited and stayed there during the meet. The horses are then saddled and prepared for a riding tour with an experienced guide into the Rauðmólar (Red Hills) and Heiðmörk overlooking Elliðaavatn and along the banks of Rauðavatn.

## Option: Whale Watching (half day)

Your whale watching adventure begins at Reykjavik's Old Harbour, just minutes away from the city centre! You will go whale watching on the biggest whale watching boat in Iceland, Andrea. The boat offers great comfort and an interior with a large outside viewing decks. The friendly guides, along with the captain and crew, point out where to spot the whales and give interesting information about the different kinds of whales and seabirds you can expect to see. Go for a whale watching with a high cruising speed, great fun for the adventurous!

## Surprice option: Taste 1000 years old Glacier

### **DRINK - STOP IN A BEAUTIFUL LOCATION**

Drinks will be served with 1000 years old glacier ice from Europe's largest ice cap, Vatnajökull.
